## SA International Announces the Launch of Flexi™ Family 8

**Philadelphia, PA – April 12, 2006** – SA International (SAi), the recognized global leader in providing complete, professional software solutions from design to production for the sign making and large format digital printing industries, announces the release of *Flexi Family 8* line of Products. *The Heart of Every Successful Sign Making Business just keeps Getting Better.*

By integrating finely tuned technology with years of feedback from our partners and users, Flexi Family 8 maintains its status as the number one choice for dependable, feature-rich Sign Making Software with uncompromising quality.

“SAi is very excited to announce the new Flexi Family 8 product to our valued Resellers and Partners,” states Jim Cain, VP of Sales, The Americas and Japan. “We are proud to launch the next generation of Flexi Family 8, the worldwide leading Sign Making software, which is loaded with new features and improvements giving our end users impeccable results.”

Other highlights of the new Flexi product line include Vividness Control, Weedline Option, and On-Screen Spell Check. Further enhancements are improved Import/Export Filters and more detailed Job Descriptions. For a full list of features, visit [www.SAintl.biz](http://www.SAintl.biz).

### **About SA International:**

SAi is recognized as a global leader in providing complete, professional software solutions from design to production for the sign making, digital printing, and CNC machining industries. The Company's software solutions help turn creative ideas into reality by providing world-class design and editing tools geared for production. Headquartered in Philadelphia, Pennsylvania, SAi has additional offices in Belgium, Brazil, Puerto Rico, China and Russia.
