

Dear Partners,

I would like to announce that Scanvec Amiable will in the future be doing business around the world as SA International, or SAi. You will see our identity change gradually over the next few months, particularly following the ISA show in April.

The Scanvec Amiable name has strong links with the history of the company, and for that reason we retain the SA letters and familiar red and black colors, but the company is moving forward, not backward and the new identity will more accurately reflect our international scope (we have offices in the USA, Europe, the UK, China, Russia, Japan, Brazil and Israel, and do business in more than 50 countries).

With the acquisition of Colorbus Ltd, and new product development, we will be offering a greater range of products to our existing customers, as well as reaching out to new customers for whom the SAi name will be considerably easier.

In addition, you will now be able to access our website and send emails by using the much shorter web address:

www.SAintl.biz

I assure you that we will continue to provide the same level of customer service – indeed we are continually striving to improve.

Sincerely,

A handwritten signature in black ink that reads 'Mark Blundell'. The signature is written in a cursive style and is underlined with a single horizontal stroke.

Mark Blundell
President & CEO
SA International
